2 FOLLOWS [EFFECTIVE JULY 1, 2010]: Sec. 8.1. (a) This section
3 applies to all municipally owned water utilities that have been taken
4 out of the jurisdiction of the commission for the approval of rates and
5 charges.
6 (b) After the introduction of the ordinance establishing the rates and
7 charges under section 8 of this chapter, but before the ordinance is
8 finally adopted, the municipal legislative body shall hold a public
9 hearing at which users of the waterworks, owners of property served or

11 heard concerning the proposed rates and charges. Notice of the hearing,
12 setting forth the proposed schedule of rates and charges, shall be:

(3) mailed to users of the waterworks located outside the municipality's corporate boundaries.

The notice may be mailed in any form so long as the notice of hearing is conspicuous. The hearing may be adjourned from time to time. **Notice mailed under subdivision (3) must include a statement that, after adoption of the ordinance, users of the waterworks located outside the municipality's corporate boundaries may petition the commission under section 8.3 of this chapter to review and adjust the rates and charges imposed on the users.**

(c) After the hearing, the municipal legislative body shall adopt the ordinance establishing the rates and charges, either as originally introduced or as modified. A copy of the schedule of rates and charges adopted shall be kept on file and available for public inspection in the offices of the board and the municipal clerk. **The ordinance must state in plain language the percentage difference between the rates and charges imposed on:**

(1) users of the waterworks located outside the corporate boundaries of the municipality; and

(2) users of the waterworks located within the corporate boundaries of the municipality.

(d) The rates and charges established for any class of users or property shall be extended to cover any additional property that is subsequently served and falls within the same class, without any hearing or notice.

(e) The municipal legislative body may change or readjust the rates and charges in the same manner as they were established.

(f) Rates and charges collected under this chapter are considered revenues of the waterworks.

SECTION 2. IC 8-1.5-3-8.2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2010]: Sec. 8.2. (a) This section applies to all municipally owned water utilities that have been taken out of the jurisdiction of the commission for the approval of rates and charges.

(b) Owners of property connected or to be connected to and served by the waterworks authorized under this chapter may file a written petition objecting to the rates and charges of the waterworks so long as:

(1) the petition contains the names and addresses of the petitioners;

(2) the petitioners attended the public hearing provided under section 8.1 of this chapter;

(3) the written petition is filed with the municipal legislative body within five (5) days after the ordinance establishing the rates and

charges is adopted under section 8.1 of this chapter; ~~and~~
 (4) the written petition states specifically the ground or grounds
 of objection; **and**

**(5) the petitioners have not filed a petition with the
 commission under section 8.3 of this chapter appealing the
 same rates and charges of the waterworks.**

(c) Unless the objecting petition is abandoned, the municipal clerk shall file in the office of the clerk of the circuit or superior court of the county a copy of the rate ordinance or ordinances together with the petition. The court shall then set the matter for hearing at the earliest date possible, which must be within twenty (20) days after the filing of the petition with the court. The court shall send notice of the hearing by certified mail to the municipality and to the first signer of the petition at the address shown on the petition. All interested parties shall appear in the court without further notice, and the municipality may not conduct any further proceedings concerning the rates and charges until the matters presented by the petition have been heard and determined by the court.

(d) At the discretion and upon direction of the court, the petitioners shall file with the petition a bond in the sum and with the security fixed by the court. The bond must be conditioned on the petitioners' payment of all or part of the costs of the hearing and any damages awarded to the municipality if the petition is denied, as ordered by the court.

(e) Upon the date fixed in the notice, the court shall, without a jury, hear the evidence produced. The court may confirm the decision of the municipal legislative body or sustain the objecting petition. The order of the court is final and conclusive upon all parties to the proceeding and parties who might have appeared at the hearing, subject only to the right of direct appeal. All questions that were presented or might have been presented are considered to have been adjudicated by the order of the court, and no collateral attack upon the decision of the municipal legislative body or order of the court is permitted.

(f) If the court sustains the petition, or if the petition is sustained on appeal, the municipal legislative body shall set the rates and charges in accordance with the decision of the court.

(b) If the municipal legislative body adopts an ordinance under section 8.1 of this chapter that imposes rates and charges on users of the waterworks located outside the corporate boundaries of the municipality that exceed by more than ten percent (10%) the rates and charges imposed on users of the waterworks located within the corporate boundaries of the municipality, either or both of the following may petition the commission to review and adjust, if necessary, the rates and charges imposed on users of the waterworks located outside the corporate boundaries of the municipality:

(1) The municipality.

(2) One (1) or more users of the waterworks located outside the corporate boundaries of the municipality.

A petition must be filed not more than fourteen (14) days after the date on which the ordinance is adopted.

(1) approves or disapproves the petition under subsection (d); and

(2) if applicable, adjusts the rates and charges imposed by the ordinance.

(d) The commission shall prescribe the form and manner of a petition filed under subsection (b). (e) If the commission determines that the rates and charges imposed on users of the waterworks located outside the corporate boundaries of the municipality are not reasonable and just, the commission may:

(1) establish reasonable and just rates and charges for users of the waterworks located outside the corporate boundaries of the municipality; and

(2) order the municipal legislative body to adopt an ordinance imposing the reasonable and just rates and charges.
